LINEAR-6 ELITE YELLOW

The Linear-6 Elite (Yellow) utilizes a combination of 12x highly efficient 3W LEDs which combine to deliver 4,320 raw lumens, and 1 lux to over 280m. New for Autumn 2023, the Linear-6 Elite now comes available with yellow LEDs, providing a more efficient and practical solution for customers preferring the yellow color of light than using a yellow lens cover, especially relevant within the adventure bike, ATV, and UTV markets.
