## ISUZU D-MAX (2020+) GRILLE MOUNTING KIT

## FITTING INSTRUCTIONS

# INSTALLATION PROCESS

Ensure battery is disconnected.

**STEP 1**  
Remove the 10 plastic retaining rivets that hold the slam panel cover in place.

**STEP 2**  
Remove slam panel cover and set to one side.

**STEP 3**  
Assemble Lamps to the 'u' shaped bracket as shown using the supplied fixings.

**STEP 4**  
Fix the outboard side brackets to the Lamps.

**STEP 5**  
Carefully insert the lamp assembly into position behind the centre grille.

**STEP 6**  
The centre bracket should sit on top of the metal support located below the bonnet catch.  
Mark the drill locations.

**STEP 7**  
Drill x2 6mm holes and secure the centre bracket to the metal support with the included fasteners.

**STEP 8**  
Mark out where the end brackets need to be drilled and drill a 6mm hole.

**STEP 9**  
Place the included 5mm spacer between the bracket and the grille to level the lamp and secure with included fasteners.

**STEP 10**  
Carefully insert the lamp assembly into position behind the centre grille.
